Recommendation Letter for Paul Petro

To whom it may concern:

I would like to express my appreciation for Paul Petro with whom I have worked on an important Call Center Project. He proved to be a knowledgeable and attentive person. Not only was he supportive during the whole sales process at NomKa, but he also showed an exceptional ability to have right people involved when help was needed even after the sales project was completed. Also, his loyalty and reliability made it possible to build a trust based relationship. I would happily reemploy Paul, as I have a very fond memory of our cooperation.

Sincerely,
Ewa Stupak

Global Operations Manager
NOMKA UK Communications
