

December 14<sup>th</sup>, 2006

Dear Vendor Partner :

I am extremely pleased to recommend Mr. Paul Petro of Market2Go LLC ([www.market2go.com](http://www.market2go.com)) as your authorized XO Telecommunications Specialist. I personally have worked with him over the past 3 years on many XO customer projects and during this time I have found find him to be a very hard working and highly committed to the customers telecommunications needs.

When working with Mr. Petro you can depend on a timely response to solving your Voice and data needs. He has become another resource for XO Communications, Inc. in troubleshooting our own processes and guiding better resolutions for the clients he brings to XO Communications, Inc.

I would highly recommend Paul and his staff to support you with your telecommunications solutions today tomorrow and in the future. Paul combines his engineering background in telecom, networking and can become a reliable consultant to your business. All in all, please do not hesitate to use Mr. Paul Petro for your telecom business solutions. He is a well balanced person with a wealth of knowledge when it comes to telecommunications solutions for our business end users.

Sincerely,

Frank Reyes

Sales Director – West Region

XO Communications, Inc.
